SANAYİ VE TEKNOLOJİ BAKANLIĞI
Sanayi Bölgeleri Genel Müdürlüğü

Sayı :E-66190861-724.01.01-3893005

04/08/2022

Konu :Genel Bilgiler

ORGANİZE SANAYİ BÖLGELERİ ÜST KURULUŞUNA

İlgi : 29.07.2022 tarihli ve E-89580468-724.01.01-3882346 sayılı yazı.

İlgi yazıda, Özbekistan'ın Ankara Büyükelçiliğinden alınan konu Nota'da, Özbekistan'da gerçekleştirilecek projelerin listesi iletilerek, sözkonusu projelere makine ve teknoloji üreticileri veya şirketlerden yatırım tekliflerine ihtiyaç duyulduğu ve belirtilmektedir.

Bu çerçevede, gerçekleştirilecek projelere yönelik daha detaylı bilgilerin temini ve konuya ilişkin geri dönüşlerin Özbekistan Ankara Büyükelçiliği Başkatibi Sayın Hurşid Rahmanov'a (Tel. : 0533 369 60 06) yapılabilmesi ve yazımız ekinde yer alan proje listesinin paydaşlarınıza duyurulması hususlarında bilgilerinizi ve gereğini rica ederim.

Fatih TURAN
Bakan a.
Genel Müdür

Ek: Proje listesi

List of sample projects in the field of small business

№	The name of the model project idea	Sectoral direction	Average annual capacity		Raw material	Commercial offers about equipments delivery								
			unit of measurement	amount		Options	Productivity (hourly or daily or annual)	Consumption of raw materials (for unit product)	Energy consumption (for unit Product)	Building area required (for equipment (sq.m.)	Other technological information and advantages	Price of equipment and devices (EX-Works)	Contact of suppliers	
1	Silk fabric production project	Silk industry	thousand kilograms	50..150	Silk rope-coll	1st-option 2nd-option 3rd-option								
2	Manufacture of children's plastic toys	Chemical industry	metric ton	300..1000	Polyethylene granules, paints	1st-option 2nd-option 3rd-option								
3	Manufacture of conveyor belts or belting	Chemical industry	million running meters	0.5..2.0	Components and rubber and composite fabrics	1st-option 2nd-option 3rd-option								
4	Dye and pigment production	Chemical industry	thousand tons	1.1 .. 5.0	Mineral fillers and tintic binders	1st-option 2nd-option 3rd-option								
5	Organization of varnish, paint production	Chemical industry	metric ton	150	Mineral filler, synthetic Binder and pigment	1st-option 2nd-option 3rd-option								
6	Organization of processing of plastic products	Chemical industry	metric ton	2000...5000	PE, PP, PPS granules	1st-option 2nd-option 3rd-option								
7	Organization of production of antifreeze (antifreeze)	Chemical industry		16..50	ethylene propylene glycol and ethylene glycol	1st-option 2nd-option 3rd-option								
8	Organization of fertilizer production from chicken manure	Chemical industry	metric ton	200 000	Poultry waste	1st-option 2nd-option 3rd-option								
9	Glyceric acid production	Chemical industry	metric ton	450	Isocapro plant POA and roots	1st-option 2nd-option 3rd-option								
10	Manufacture of detergents	Chemical industry	million packages	36	Chemicals	PP program								

№	The name of the model project idea	Sectoral direction	Average annual capacity		Raw material	Commercial offers about equipments delivery							
			unit of measurement	amount		Options	Productivity (tonny or daily or annual)	Consumption of raw materials (for unit product)	Energy consumption (for unit Product)	Building area required for equipment (sq.m.)	Other technological information and advantages	Price of equipment and devices (EX-Works)	Contact of suppliers
11	Production of iron oxide pigments	Chemical industry	thousand tons	5...10	Iron waste	1st-option 2nd-option 3rd-option							
12	Organization of production of compound feed (livestock feed) for livestock and poultry	Agriculture	thousand tons	7.5...20.0	Cereals with legumes, fodder plants, Biocomposites	1st-option 2nd-option 3rd-option							
13	Manufacture of plastic pipes (hoses) for drip irrigation equipment	Agriculture	million meters tube	25.0...50.0	Plastic (PE, PE) granules	1st-option 2nd-option 3rd-option							
14	Production of mixed fodder	Agriculture	metric ton	14 000	Fruits and seeds of legumes, herbs	1st-option 2nd-option 3rd-option							
15	Establishment of a veterinary clinic	Agriculture	metric ton	780	Veterine drugs and sterilization filters	1st-option 2nd-option 3rd-option							
16	Creating a lavender plantation and producing essential oil	Agriculture	thousand lines	33	lavender fruit	1st-option 2nd-option 3rd-option							
17	Organization of soybean and coriander cultivation	Agriculture	million kilograms	2	Soybean oil	1st-option 2nd-option 3rd-option							
18	Growing potato seeds	Agriculture	million pieces	50	Fertilizers and packaging containers	1st-option 2nd-option 3rd-option							
19	Establishment of a modern greenhouse and ice storage	Agriculture	metric ton	5 440	Fertilizers and packaging containers	1st-option 2nd-option 3rd-option							
20	Manufacture of locusts by collecting and processing locusts	Agriculture	metric ton	5 000	locusts	1st-option 2nd-option 3rd-option							
21	Production of poultry diet meat and meat products	Agriculture	metric ton	265	turkey feed and veterinary drugs	1st-option 2nd-option 3rd-option							

№	The name of the model project idea	Sectoral direction	Average annual capacity		Raw material	Commercial offers about equipments delivery							
			unit of measurement	amount		Options	Productivity (hourly or daily or annual)	Consumption of raw materials (for unit product)	Energy consumption (for unit Product)	Building area required for equipment (sq.m.)	Other technological information and advantages	Price of equipment and devices (EXC. Works)	Contact of suppliers
22	Establishment of an ostrich farm	Agriculture	metric ton	200	Bird feed, vitamins drugs	1st-option 2nd-option 3rd-option							
23	Organization of broiler meat production	Agriculture	metric ton	700..2000	Bird feed, vitamins drugs	1st-option 2nd-option 3rd-option							
24	Production of vegetable oil based on the plant "Samelina sativa"	Agriculture	metric ton	3000..6000	Natural raw materials	1st-option 2nd-option 3rd-option							
25	Organization of vegetable planting in greenhouses	Agriculture	hectare	2..20	Fertilizers and packaging containers	1st-option 2nd-option 3rd-option							
26	Organizing the cultivation of tulips and roses	Agriculture	hectare	20..45	fertilizers	1st-option 2nd-option 3rd-option							
27	Organization of beekeeping	Agriculture	metric ton	50..200	Bee vitamin drugs, packaging containers	1st-option 2nd-option 3rd-option							
28	Manufacture of decorative tiles from talc chlorite stone	Building materials industry	thousand sq.m	150..600	Natural stone (calcachone, etc.)	1st-option 2nd-option 3rd-option							
29	Production of porous vermiculite	Building materials industry	thousand sq.m	300 ... 100,0	Dressing soil and porous additives	1st-option 2nd-option 3rd-option							
30	Organization of production of dry mixes used in construction	Building materials industry	million tons	0.30..10,0	Air and hydraulic binders, pigments, heat fillers, packaging containers	1st-option 2nd-option 3rd-option							
31	Organization of geomaterials production	Building materials industry	thousand tons	5.2..150	plastic fiber and fasteners	1st-option 2nd-option 3rd-option							
32	Foam block production	Building materials industry	million cube	30.0..100,0	Portland cement, porous dressing additive	1st-option 2nd-option 3rd-option							

Commercial offers about equipments delivery													
№	The name of the model project idea	Sectoral direction	Average annual capacity		Raw material	Options	Productivity (hourly or daily or annual)	Consumption of raw materials (for unit product)	Energy consumption (for unit Product)	Building area required for equipment (sq.m.)	Other technological information and advantages	Price of equipment and devices (EX-Works)	Contact of suppliers
			unit of measurement	amount									
33	Production of kaolin fiber from kaolin	Building materials industry	thousand cb.m.	10.0...100.0	Kaolin soil	1st-option 2nd-option 3rd-option							
34	Claydite production	Building materials industry	thousand cb.m.	50...200	Dressing bentonite and other soil porous additive	1st-option 2nd-option 3rd-option							
35	Extraction of travertine dolomite and production of various travertine products from it	Building materials industry	thousand sq.m.	30...70.0	Travertine ore	1st-option 2nd-option 3rd-option							
36	Manufacture of granite blocks, slabs and shaped elements	Building materials industry	thousand sq.m.	30.0...60.0	Granite ore	1st-option 2nd-option 3rd-option							
37	Production of aerated concrete	Building materials industry	cubic meters	25...60	Binder and porous dressing agent	1st-option 2nd-option 3rd-option							
38	Organization of drywall production	Building materials industry	thousand sq.m.	3000...15000	Gypsum powder and cardboard	1st-option 2nd-option 3rd-option							
39	Organization of production of vinyl wallpaper	Building materials industry	thousand pieces of roll	2000...6000	Non-woven fabric (interlining) and PVC granules	1st-option 2nd-option 3rd-option							
40	Production of bentonite admixture	Building materials industry	thousand tons sq.m.	15...25	Bentonite-containing soil	1st-option 2nd-option 3rd-option							
41	Manufacture of electrodes used in electric welding	Building materials industry	metric ton	600...2000	Ferromanganese, Fluorspar, Ferrochromium, Ferrochrome, metal wire	1st-option 2nd-option 3rd-option							
42	Establishment of a mini-workshop for plastic pipes	Building materials industry		6...15	PE, PP, PS granules	1st-option 2nd-option 3rd-option							
43	Manufacture of artificial marble	Building materials industry	thousand sq.m.	30...60	Feeder, inert filler	1st-option 2nd-option 3rd-option							

№	The name of the model project idea	Sectoral direction	Average annual capacity		Raw material	Commercial offers about equipments delivery							
			unit of measurement	amount		Options	Productivity (hourly or daily or annual)	Consumption of raw material (for unit product)	Energy Consumption (for unit Product)	Building area required for equipment (sq.m.)	Other technological information and advantages	Price of equipment and devices (EX-Works)	Contact of suppliers
44	Organization of production of fiberglass fittings (section 4, 6, 8, 10 mm)	Building materials industry	million running metres	2, 6	Glass fiber	1st-option 2nd-option 3rd-option							
45	Organization of sandwich panel production	Building materials industry	thousand sq.m.	200...800	Mineral cotton and iron lists	1st-option 2nd-option 3rd-option							
46	Manufacture of window blinds	Building materials industry	thousand pieces	1500...5000	Components and packaging bags	1st-option 2nd-option 3rd-option							
47	Extraction and processing of natural paving stones	Building materials industry	thousand pieces	500	Natural stone blocks	1st-option 2nd-option 3rd-option							
48	Production of insoluble formwork molds and services for the construction of low-rise buildings based on them	Building materials industry	metres square	64 800	Alcohol concrete, plastic plates, butylwork	1st-option 2nd-option 3rd-option							
49	Manufacture of bentonite powder, granules and mats	Building materials industry	metric ton	32 000	Bentonite soil, vermiculite, fillings	1st-option 2nd-option 3rd-option							
50	Mining and enrichment of quartz sand for the glass industry	Building materials industry	metres cube	107 100	Quartz sand	1st-option 2nd-option 3rd-option							
51	Production of silicone sealants and mounting foams	Building materials industry	metric ton	\$50	Dissolving silicone raw materials, clay, foam	1st-option 2nd-option 3rd-option							
52	Production of hyperpress stone products	Building materials industry	metric ton	30 000	Connecting inert filler	1st-option 2nd-option 3rd-option							
53	Linoleum production	Building materials industry	metres square	748 800	PVC granules, lacquer paints, non-woven fabric	1st-option 2nd-option 3rd-option							
54	Production of laminated parquet	Building materials industry	metres square	954 000	Wood raw materials	1st-option 2nd-option 3rd-option							

55	Production of sandwich panels based on basalt fiber.	Building materials industry	metre square	25 000	Mineral fiber plates, iron lists	1st-option 2nd-option 3rd-option								
56	Rubberoid production	Building materials industry	million sq. m.	1.0...3.0	Paper waste binmen	1st-option 2nd-option 3rd-option								
57	Organization of production of modified sulfur binder	Building materials industry	metric ton	10 000	Sulfur, chemicals	1st-option 2nd-option 3rd-option								
58	Manufacture of metal brushes	Building materials industry	pieces	500 000	metal	1st-option 2nd-option 3rd-option								
59	Manufacture of metal fences	Building materials industry	metres square	12 000	metal grille	1st-option 2nd-option 3rd-option								
60	Establishment of a mushroom farm growing champignons	Fruit and vegetable growing	thousand tons	0.4...2.0	Fertilizers and packaging cereals	1st-option 2nd-option 3rd-option								
61	Establish a small (mini) greenhouse	Fruit and vegetable growing	hectare	0.1...10.0	Fertilizers and packaging cereals	1st-option 2nd-option 3rd-option								
62	Establishment of a year-round hydroponic vegetable greenhouse on 5 hectares of land	Fruit and vegetable growing	hectare	22.5...100	Fertilizers, seedlings	1st-option 2nd-option 3rd-option								
63	Construction of a hydroponic greenhouse for growing strawberries all year round	Fruits and vegetables and melons	metric ton	500...2000	Natural fertilizers, seedlings and others	1st-option 2nd-option 3rd-option								
64	Construction of hydroponic greenhouse for growing watermelons and melons all year round	Fruits and vegetables and melons	hectare	10...50	fertilizers, seedlings	1st-option 2nd-option 3rd-option								
65	Production of flour-based confectionery	Food industry	thousand tons	1.5...6.5	Wheat flour, vegetable oil, sugar, flavorings and nutrient dyes etc	1st-option 2nd-option 3rd-option								

№	The name of the model project idea	Sectoral direction	Average annual capacity		Raw material	Commercial offers about equipments delivery							
			unit of measurement	amount		Options	Productivity (hourly or daily or annual)	Consumption of raw materials (for unit product)	Energy consumption (for unit Product)	Building area required for equipment (sq.m.)	Other technological information and advantages	Price of equipment and devices (EX-Works)	Contact of suppliers
66	Production of starch from rice	Food industry	thousand tons	1,1 ... 3,1	Typical rice storage, pyrolysis	1st-option 2nd-option 3rd-option							
67	Deep processing and canning of vegetables	Food industry	million conditional cans	0,5...3,0	Normal fruits and vegetables	1st-option 2nd-option 3rd-option							
68	Cultivation of walnuts and production of processed walnut paste	food industry	metric ton	200...800	Natural land-corn, natural fertilizers, etc.	1st-option 2nd-option 3rd-option							
69	Deep processing of eggs to produce egg powder	Food industry	thousand tons	1,0 ... 5,0	Low-quality products of egg factories	1st-option 2nd-option 3rd-option							
70	Fish produce it	Food industry	thousand tons	1,0 ... 5,1	Fish cleaning factory waste	1st-option 2nd-option 3rd-option							
71	Organization of sesame oil production	Food industry	metric ton	1 000	Fruit of Sesame plant	1st-option 2nd-option 3rd-option							
72	Growing and processing of capers	Food industry	thousand tons	2,0 ... 10,0	Corn fruit, spices and packaging containers	1st-option 2nd-option 3rd-option							
73	Organization of production of wine material and food alcohol	Food industry	thousand decaliters	250...2000	Ceape and nutritional supplements	1st-option 2nd-option 3rd-option							
74	Organization of starch production from corn	Food industry	thousand tons	1,1...5,1	Corn fruit	1st-option 2nd-option 3rd-option							
75	Production of baby food based on legumes and milk	Food industry	thousand tons	0,2...1,0	Cereals with legumes and natural milk	1st-option 2nd-option 3rd-option							
76	Processing of rabbit meat (production of baby food, sausages and semi-finished products)	Food industry	thousand tons	0,5...3,0	Meat	1st-option 2nd-option 3rd-option							

Commercial offers about equipments delivery													
№	The name of the model project idea	Sectoral direction	Average annual capacity		Raw material	Options							
			unit of measurement	amount		Options	Productivity (hourly or daily or annually)	Consumption of raw materials (for unit product)	Energy consumption (for unit Product)	Building area required for equipment (sq.m.)	Other technological information and advantages	Price of equipment and devices (EX-Works)	Contact of suppliers
77	Organization of gelatin production	Food industry	thousand tons	0.3..2.0	Animal (sheep, cattle, mutton) skin	1st-option 2nd-option 3rd-option							
78	Establishment of a lemon growing cluster (lemon growing and citric acid production)	Food industry	thousand tons	0.2..15	Fertilizers, chemical additives	1st-option 2nd-option 3rd-option							
79	Production of packaged pepper mixture by agro-cluster based hot pepper processing	Food industry	thousand tons	3.0 ... 10.0	Fertilizers, chemical additives for seedling	1st-option 2nd-option 3rd-option							
80	Production of tomato paste by growing and processing tomatoes	Food industry	thousand tons	2.5..10.0	Fertilizers, tomato fruit and packaging	1st-option 2nd-option 3rd-option							
81	Production of packaged frozen fruits and vegetables	Food industry	million conditional packages	5.0..20.	Served fruits and vegetables	1st-option 2nd-option 3rd-option							
82	Production of canned steamed meat	Food industry	million conditional cans	2.0 ... 10.0	Meat raw materials	1st-option 2nd-option 3rd-option							
83	Organization of wheat flour production	Food industry	thousand tons	50.0..500.0	wheat and other legumes	1st-option 2nd-option 3rd-option							
84	Organization of vacuum packaging of vegetables and fruits and export of products	Food industry	thousand tons	1.2..5.0	Served fruits and vegetables	1st-option 2nd-option 3rd-option							
85	Deep processing of pomegranate, production of pomegranate juice and other products	Food industry	million package pieces	1.5..5.0	pomegranate fruit	1st-option 2nd-option 3rd-option							
86	Production and packaging of mayonnaise, ready-made sauces and flavoring additives and fragrant spices	Food industry	million package pieces	0.15..5.0	Seasoning herbs, fruit vegetables, vegetable oil	1st-option 2nd-option 3rd-option							
87	Processing and export of fruits and vegetables by drying	Food industry	metric ton	400..2000	Fruits and vegetables	1st-option 2nd-option 3rd-option							

№	The name of the model project idea	Sectoral direction	Average annual capacity		Raw material	Commercial offers about equipments delivery							
			unit of measurement	amount		Options	Productivity (hourly or daily or annually)	Consumption of raw materials (for unit product)	Energy Consumption (for unit Product)	Building area required for equipment (sq.m.)	Other technological information and advantages	Price of equipment and devices (P.K-Works)	Contact of suppliers
88	Processing of melons (sublimation drying, juice production)	Food industry	metric ton	500..2000	Melons products	1st-option 2nd-option 3rd-option							
89	Organization of date processing (jam production)	Food industry	thousand conditional cans	4 000	Fruit of Persimmon	1st-option 2nd-option 3rd-option							
90	Organization of fish processing and canning	Food industry	million jars	1..2..5	Fish meat	1st-option 2nd-option 3rd-option							
91	Production of baby food based on fruits and vegetables	Food industry	million jars	5..10	Fruits and vegetables	1st-option 2nd-option 3rd-option							
92	Production of one-component and multi-component canned vegetables	Food industry	thousand conditional cans	330..500	Fruits and vegetables	1st-option 2nd-option 3rd-option							
93	Processing and packaging of legumes	Food industry	thousand tons	1..5..3	Fruits of Rowan	1st-option 2nd-option 3rd-option							
94	Production of potato chips and packaging in airtight containers	Food industry	thousand package pieces	330	Potatoes and packaging	1st-option 2nd-option 3rd-option							
95	Deep processing and canning of fruits (cherries and others)	Food industry	metric ton	150..2000	Cherry fruit	1st-option 2nd-option 3rd-option							
96	Production of active dry yeast (Yeast)	Food industry	metric ton	300..2000	Melasses and chemicals	1st-option 2nd-option 3rd-option							
97	Processing and canning of vegetables (beans, etc.)	Food industry	thousand conditional cans	1000..5000	Beans and packaging containers	1st-option 2nd-option 3rd-option							
98	Deep processing of vegetables, caviar production and canning (Pumpkin, eggplant and other caviar)	Food industry	thousand conditional cans	2000..6000	Vegetables	1st-option 2nd-option 3rd-option							

№	The name of the model project idea	Sectoral direction	Average annual capacity		Raw material	Commercial offers about equipments delivery							
			unit of measurement	amount		Options	Productivity (hourly or daily or annual)	Consumption of raw materials (for unit product)	Energy consumption (for unit Product)	Building area required for equipment (sq.m.)	Other technological information and advantages	Price of equipment and devices (EX-Works)	Contact of suppliers
99	Fruit and vegetable sorting (calibration), processing and canning	Food industry	thousand cardboard cans (300gr)	1000...3000	Vegetables and fruits	1st-option 2nd-option 3rd-option							
100	Organization of vegetable oil production	Food industry	million metres	6...25	Vegetable oil	1st-option 2nd-option 3rd-option							
101	Organization of fruit processing and jam production	Food industry	thousand cardboard cans	2000...3000	Fruits and vegetables	1st-option 2nd-option 3rd-option							
102	Organization of spice production	Food industry	metric ton	0.5...3.0	Seasoning is the fruit of herbs, vegetables, vegetable oil	1st-option 2nd-option 3rd-option							
103	Production of dried dates	Food industry	metric ton	1...375	Fruit of Persimmon	1st-option 2nd-option 3rd-option							
104	Bean cultivation, processing and canning	Food industry	metric ton	640	Beans and packaging containers	1st-option 2nd-option 3rd-option							
105	Establishment of a minisex for fish processing	Food industry	metric ton	200...1000	Fish raw materials and packaging containers	1st-option 2nd-option 3rd-option							
106	Production of drinking water and non-alcoholic beverages by hot pouring in a wide range of glass and PET bottles	Food industry	million pieces of bottle	6...20	Fruit concentrate and packaging containers	1st-option 2nd-option 3rd-option							
107	Creating a mini fruit processing mini-workshop with a capacity of 300 kg per shift	Food industry	metric ton	150...600	Fruits	1st-option 2nd-option 3rd-option							
108	Establishment of a sausage production mini-shop	Food industry	metric ton	400...1200	Meat raw materials	1st-option 2nd-option 3rd-option							
109	Establishment of a mini shop for the production of pasta	Food industry	metric ton	1500...3000	Wheat and other leguminous flour	1st-option 2nd-option 3rd-option							

№	The name of the model project idea	Sectoral direction	Average annual capacity		Raw material	Commercial offers about equipments delivery									
			unit of measurement	amount		Options	Productivity (hourly or daily or annual)	Consumption of raw materials (for unit product)	Energy consumption (for unit Product)	Building area required for equipment (sq.m.)	Other technological information and advantages	Price of equipment and devices (EX-Works)	Contact of suppliers		
110	Establishment of a mini-workshop for cheese production	Food industry	metric ton	300, 1000	Raw milk material	1st-option 2nd-option 3rd-option									
111	Production of goat's milk cheeses	Food industry	metric ton	200, 500	Goat feed and veterinary drugs	1st-option 2nd-option 3rd-option									
112	Salt production	Food industry	metric ton	10, 30	Salt brine	1st-option 2nd-option 3rd-option									
113	Production of tomato paste and dried fruits and vegetables	Food industry	metric ton	1200, 3000	Vegetables	1st-option 2nd-option 3rd-option									
114	Production of crunchy bread, multigrain buns, cereal biscuits and muesli bars	Food industry	metric ton	100, 500	Wheat and other leguminous flour, sugar, oil and others	1st-option 2nd-option 3rd-option									
115	Organization of wine production and ecotourism services	Food industry	deciliter	6000, 10000	Grape and nutritional supplements	1st-option 2nd-option 3rd-option									
116	Establishment of a poultry complex in the breeding direction	Poultry	million heads	0,5, 3,0	Poultry nutrition and veterinary drugs	1st-option 2nd-option 3rd-option									
117	Establishment of a poultry complex in the field of egg production	Poultry	million pieces	100, 300	Chicken feed and vitaminic drugs	1st-option 2nd-option 3rd-option									
118	Establishment of a women's underwear sewing factory	Sewing and textile industry	million pieces	0,5, 2	Woven fabric and findings	1st-option 2nd-option 3rd-option									
119	Manufacture of jeans and other denim clothing	Sewing and textile industry	million pieces	0,5, 1,5	Denim material	1st-option 2nd-option 3rd-option									
120	Production of ready-made knitted garments	Sewing and textile industry	million pieces	0,5, 2	Woven fabric and findings	1st-option 2nd-option 3rd-option									

№	The name of the model project idea	Sectoral direction	Measurement		Raw material	Technical and Value Added Requirements Summary							
			unit of measurement	amount		Options	Productivity (hourly or daily or annual)	Consumption of raw materials (for unit product)	Energy Consumption (for unit product)	Building area required for equipment (sq.m)	Other technological information and advantages	Price of equipment and devices (EX-Works)	Contact of suppliers
121	Production of children's soft toys from textile fabrics	Sewing and textile industry	million pieces	0,5 - 2,0	Textile fabrics and fittings	1st-option 2nd-option 3rd-option							
122	Production of impregnated and non-impregnated, coated and uncoated non-woven materials	Sewing and textile industry	million sq.m	0,4 - 2,0	Thread coil and fabric waste, rubber additives	1st-option 2nd-option 3rd-option							
123	Manufacture of polypropylene bags	Sewing and textile industry	million pieces	10,0 - 50,0	Polypropylene in-coil	1st-option 2nd-option 3rd-option							
124	Organization of carpet (carpet) production	Sewing and textile industry	thousand sq.m	6 - 12	Synthetic and natural thread coil	1st-option 2nd-option 3rd-option							
125	Production of a wide range of clothing for newborns	Sewing and textile industry	thousand Pieces	1500 - 4500	Natural yarn-dyed fabric, fittings	1st-option 2nd-option 3rd-option							
126	Manufacture of sportswear and footwear	Sewing and textile industry	thousand sets	120	Textile fabric, fittings, shoe component parts	1st-option 2nd-option 3rd-option							
127	Production of zipper fasteners for clothes and its parts, as well as various buttons	Sewing and textile industry	million pieces	2 - 5	Metal raw materials and fittings	1st-option 2nd-option 3rd-option							
128	Manufacture of carpets and nonwovens	Sewing and textile industry	million sq.m	6	Pile and animal wool fibres and waste	1st-option 2nd-option 3rd-option							
129	Organization of production of medical masks and overalls	Sewing and textile industry	thousand pieces	37	Geometrical fittings	1st-option 2nd-option 3rd-option							
130	Organization of production and sale of hosiery products	Sewing and textile industry	thousand pairs	12 - 60	rope spool	1st-option 2nd-option 3rd-option							
131	Manufacture of gloves made of vulcanized rubber	Sewing and textile industry	pair	12 000 000	thread coil and rubber inserts	1st-option 2nd-option 3rd-option							

№	The name of the model project idea	Sectoral direction	Average annual capacity		Raw material	Commercial offers about equipments delivery									
			unit of measurement	amount		Options	Productivity (hourly or daily or annual)	Consumption of raw materials (for unit product)	Energy consumption (for unit Product)	Building area required for equipment (sq.m)	Other technological information and advantages	Price of equipment and devices (EX-Works)	Contact of suppliers		
132	Production of pneumatic yarn from textile waste	Sewing and textile industry	kilogram	3 000 000	Textile cotton waste	1st-option 2nd-option 3rd-option									
133	Processing of cotton and production of cellulose from waste	Sewing and textile industry	metric ton	3 900	Textile cotton waste	1st-option 2nd-option 3rd-option									
134	Manufacture of textile materials impregnated with rubber coating or plastic	Sewing and textile industry	kilogram	\$2 500	dressed coil and rubber inners	1st-option 2nd-option 3rd-option									
135	Manufacture of textile materials used in the manufacture of automotive coatings	Sewing and textile industry	meters square	150 000	Rope spool and fittings	1st-option 2nd-option 3rd-option									
136	Production of cotton fabrics (yarn, gauze, cloth)	Sewing and textile industry	dousand picometers	16	cotton wool	1st-option 2nd-option 3rd-option									
137	Organization of production of non-woven cotton fabrics and medical cotton bandages	Sewing and textile industry	million pieces	12	Cotton yarn-cel and chemicals	1st-option 2nd-option 3rd-option									
138	Organize the production of gauze and medical non-sterile bandages	Sewing and textile industry	million pieces	20	cotton yarn-cel, chemicals, spandex fabric	1st-option 2nd-option 3rd-option									
139	Foam production	Sewing and textile industry	dousand meters cube	25..50	Synthetic substances, modifiers	1st-option 2nd-option 3rd-option									
140	Establishment of a camel complex and production of packaged dry camel milk	Camel breeding	pieces	93 786	Tops milk and animal feed	1st-option 2nd-option 3rd-option									
141	Construction of a factory for the production of medical needles (Kanyuli)	Pharmaceutical industry	million pieces	10.0..30.0	Components and packaging containers	1st-option 2nd-option 3rd-option									
142	Production of cosmetics with extracts of medicinal plants with immunomodulatory properties, bee products	Pharmaceutical industry	metric ton	5..20.0	Medicinal plants and bee products, packaging containers	1st-option 2nd-option 3rd-option									

Commercial offers about equipments delivery

Other technological information and advantages	Price of equipment and devices (EX-Works)	Contact of suppliers
			unit of measurement	amount									
143	Manufacture of sterile surgical or dental blood transfusions (hemostatics)	Pharmaceutical industry	million packages	0.2..1.0	Special fabrics and cotton wool	1st-option 2nd-option 3rd-option							
144	Breeding scorpions and getting venom	Pharmaceutical industry	thousand grams	0.1...5.0	special food and additives	1st-option 2nd-option 3rd-option							
145	Manufacture of adhesive bonding materials and other similar products (plasters)	Pharmaceutical industry	thousand pieces	40...120	Natural and artificial rubber, drugs, binders	1st-option 2nd-option 3rd-option							
146	Insulin production from artichoke plants	Pharmaceutical industry	metric ton	1.5..6.0	Artichoke plant	1st-option 2nd-option 3rd-option							
147	Collection, processing and production of asparagus seeds	Pharmaceutical industry	pieces	1 400 000	Pharmaceutical industry	1st-option 2nd-option 3rd-option							
148	Extraction and processing of biological resources of the Aral Sea	Pharmaceutical industry	metric ton	200...500	Natural resources of the Aral Sea	1st-option 2nd-option 3rd-option							
149	Production of antiprotzoal and antimicrobial drugs	Pharmaceutical industry	million packages	10...30	substances and thickening component	1st-option 2nd-option 3rd-option							
150	Organization of hotel services	Service	place	40-100	Tenable products and food	1st-option 2nd-option 3rd-option							
151	Establishment of a refrigerated warehouse	Service	metric ton	200...2000	food, fruit, vegetables	1st-option 2nd-option 3rd-option							
152	Manufacture of artificial jewelry stone	Service	thousand karats	20...50	Low quality mineral	1st-option 2nd-option 3rd-option							
153	Establishment of a multidisciplinary medical center	Service	attendance	10 000	medicines, hygiene products	1st-option 2nd-option 3rd-option							

№	The name of the model project idea	Sectoral direction	Average annual capacity		Raw material	Commercial offers about equipments delivery									
			unit of measurement	amount		Options	Productivity (hourly or daily or annual)	Consumption of raw materials (for unit product)	Energy consumption (for unit Product)	Building area required for equipment (sq.m.)	Other technological information and advantages	Price of equipment and devices (EX-Works)	Contact of suppliers		
154	Manufacture of sports equipment made of natural leather	leather industry	thousand pieces	388	Skin	1st-option 2nd-option 3rd-option									
155	Organization of production of sports shoes (sneakers)	leather industry	thousand pieces	265	Textile fabric, fittings, shoe component parts	1st-option 2nd-option 3rd-option									
156	Factory for the production of travel bags, "laptop" bags, tablet cases, etc.	Charmasnoat	thousand pieces	400..1000	Natural and artificial leather, textile fabrics, furniture	1st-option 2nd-option 3rd-option									
157	Manufacture of leather suitcases, bags (sports, women's, school)	Charmasnoat	thousand pieces of suitcase / bag	15 / 30	Artificial and natural leather fittings	1st-option 2nd-option 3rd-option									
158	Establishment of a sewing workshop for sewing clothes from natural leather	Charmasnoat	thousand pieces	80..150	Natural and artificial leather, textile fabrics, fittings	1st-option 2nd-option 3rd-option									
159	Organization of production of women's and men's shoes	Charmasnoat	thousand pairs	100	Leather, shoe inserts and fittings	1st-option 2nd-option 3rd-option									
160	Production and sale of soles and other footwear parts	Charmasnoat	million pairs	3	Polyurethane and natural leather	1st-option 2nd-option 3rd-option									
161	Manufacture of lamps and other electric lighting fixtures	Electrical engineering industry	thousand pieces	10.0..50.0	Components and electrical components	1st-option 2nd-option 3rd-option									
162	Organization of production of electric kettles and electrical equipment	Electrical engineering industry	thousand pieces	200	Components, metal lat, fittings	1st-option 2nd-option 3rd-option									
163	Manufacture of sockets, flanges, switches and other electrical appliances	Electrical engineering industry	thousand pieces	800..4000	PVC granules	1st-option 2nd-option 3rd-option									
164	Manufacture of electrical equipment (refrigerated racks, showcases, etc.)	Electrical engineering industry	pieces	10000..50000	Components, electromechanical products	1st-option 2nd-option 3rd-option									

№	The name of the model project idea	Sectoral direction	Average annual capacity		Raw material	Commercial offers about equipments delivery									
			unit of measurement	amount		Options	Productivity (hourly or daily or monthly)	Consumption of raw materials (for unit product)	Energy consumption (for unit Product)	Building area required for equipment (sq.m.)	Other technological information and advantages	Price of equipment and devices (EX-Works)	Contact of suppliers		
165	Organization of recycling of computer and other electrical equipment waste	Electrical engineering industry		0.2..0.8	Electrotechnical products waste	1st-option 2nd-option 3rd-option									
166	Manufacture of LED lamps	Electrical engineering industry	million pieces	2..5	Component parts	1st-option 2nd-option 3rd-option									
167	Manufacture of single crystal silicon for solar panels	Electrical engineering industry	million pieces	4..10	Silicon ore	1st-option 2nd-option 3rd-option									
168	Organization of construction of a mini-hydroelectric power station	Electrical engineering industry	million kilowatts	6..12	Component parts	1st-option 2nd-option 3rd-option									
169	Fan production	Electrical engineering industry	pieces	70 000	Components, electrotechnical products	1st-option 2nd-option 3rd-option									
170	Establishment of a fish farm	Fishing	metric ton	300..1200	Fish feed, vitamin drugs	1st-option 2nd-option 3rd-option									
171	Manufacture of seats for industrial assembly of vehicles, their parts and assemblies	Other industries	thousand sets	50..150	Components and artificial leather and fabrics	1st-option 2nd-option 3rd-option									
172	Felt production	Other industries	metric ton	50..200	Animal (sheep, cattle) skin	1st-option 2nd-option 3rd-option									
173	Manufacture of screws, bolts, nuts and other similar products from ferrous metals	Other industries	thousand tons	2.0..5.0	Black metal wire	1st-option 2nd-option 3rd-option									
174	Manufacture of thermoses, vacuum containers and other similar products	Other industries	million pieces	0.2..1.0	Components and joints for thin metals	1st-option 2nd-option 3rd-option									
175	Manufacture of orthopedic mattresses	Other industries	thousand pieces	5.0..20.0	Textile fabrics, component parts	1st-option 2nd-option 3rd-option									

№	The name of the model project idea	Sectoral direction	Average annual capacity		Raw material	Commercial offers about equipments delivery

Other technological information and advantages	Price of equipment and devices (EX-Works)	Contact of suppliers
176	Production of disposable tableware	Other industries	million pieces	5.0..20.0	PE, PP, PS granules	1st-option 2nd-option 3rd-option							
177	Manufacture of packaging tape	Other industries	millions conditional rolls	0.5..3.0	Plastic phials, glue and components, packaging containers	1st-option 2nd-option 3rd-option							
178	Manufacture of diapers	Other industries	million pieces	0.5..2.0	Synthetic fabrics, cotton wool, fittings	1st-option 2nd-option 3rd-option							
179	Manufacture of porcelain products	Other industries	thousand pieces	80.0...150.0	Kaolin and other soils and inert additives, pigments and others	1st-option 2nd-option 3rd-option							
180	Organization of match production	Other industries	million pieces	50...150	Wood raw materials	1st-option 2nd-option 3rd-option							
181	Organization of production of screw (self-tapping) products	Other industries	metric ton	800...1500	Black and colored metal wires	1st-option 2nd-option 3rd-option							
182	Manufacture of umbrellas	Other industries	thousand pieces	80...200	Components (metal and plastic), special fabric and fittings	1st-option 2nd-option 3rd-option							
183	Home curtain accessories (plastic products) production project	Other industries	metric ton	500	PE, PP, PPS granules	1st-option 2nd-option 3rd-option							
184	Production of special "kraft" papers for packaging	Other industries	metric ton	50...300	Cellulose and paper waste	1st-option 2nd-option 3rd-option							
185	Manufacture of disposable razors	Other industries	thousand pieces	50000..250000	PVC granules, knife, fittings	1st-option 2nd-option 3rd-option							
186	Manufacture of jewelry	Other industries	pieces	700	precious metals	1st-option 2nd-option 3rd-option							

Commercial offers about equipments delivery

Other technological innovations and advantages	Price of equipment and devices (EX-Works)	Contact of suppliers
			unit of measurement	amount									
187	Manufacture of truck brake pads	Other industries	set	300 000	Metal components, rubber, fittings	1st-option 2nd-option 3rd-option							
188	Organization of production of printing products	Other industries	metric ton	0.5..3.1	Paper rolls, metal fittings	1st-option 2nd-option 3rd-option							
189	Establishment of MRI diagnostic service	Other industries	patient	4 000	Hygiene items	1st-option 2nd-option 3rd-option							
190	Establishment of a self-service laundry	Other industries		60..150	Chemicals	1st-option 2nd-option 3rd-option							
191	Organize the disposal of disposable trays, medical and hygiene items	Other industries	metric ton	8 000	Hygienic base waste	1st-option 2nd-option 3rd-option							
192	Manufacture of domestic water filters	Other industries	thousand pieces	150..300	Components, iron fittings	1st-option 2nd-option 3rd-option							
193	BOPP film production	Other industries	thousand tons	12..30	PP granules	1st-option 2nd-option 3rd-option							
194	Manufacture of packaging products	Other industries	thousand tons	1.5..4	cardboard paper and adhesive	1st-option 2nd-option 3rd-option							
195	Creating a workshop for the restoration of old technical oils	Other industries	thousand tons	4..10	Oil's waste	1st-option 2nd-option 3rd-option							
196	Manufacture of air, oil and fuel car filters.	Other industries	thousand pieces	500..1500	components, rubber products	1st-option 2nd-option 3rd-option							
197	Manufacture of metal containers (boxes, etc.) for food storage	Other industries	million conditional cans	2..5	metal	1st-option 2nd-option 3rd-option							

№	The name of the model project idea	Sectoral direction	Average annual capacity		Raw material	Commercial offers about equipments delivery
